**“ Thank you so much for our holiday. The kids and I had such a great time. We are and will be forever grateful for this time away from what has been going on in our lives, and having that time and space to make memories and connect as a family has meant the world to us.”**

**The SVP have a wonderful heritage of providing safe, inclusive and caring holidays for more than 50 years.**

A summer holiday at an SVP caravan is, first and foremost, an enjoyable break. It can also provide an opportunity for respite, new learning experiences, personal growth or all of the above and more, depending on local arrangements.

The popular beach of Talacre sits just across the River Dee from the Wirral over the English / Welsh border. With miles of golden sand backed by dunes, Talacre has plenty of room for everyone, and its most famous feature is the Point of Ayr lighthouse, which dates back to 1776.

## **Chester & Ellesmere Port** **SVP Holiday Home in Talacre**

Our holiday home at Talacre Beach on the North Wales coast is funded and managed by the Chester and Ellesmere Port District of the SVP – the St Vincent De Paul Society of England and Wales.

It is intended to provide families (of up to six persons) with a week's seaside holiday – completely free of charge.

These short holidays are often the only chance some families get to take a break and are therefore considered to be much-needed spells of rest, enabling family members to recover or recuperate their strength together, perhaps after a bereavement, an illness or a period of financial or other hardship.

The Holiday Home opens around mid-March and operates almost every week until the Autumn half term when it is closed for the winter. It has ramped access and so can easily accommodate people with disabilities.
